Located in the most sought-after context of Frascati, the property combines privacy, generous spaces and a perfect connection between interior and exterior. Garden of about 700 square meters, bright rooms and the possibility of customization make this solution ideal for those seeking comfort and prestige a few minutes from the capital. In the authentic heart of Frascati, which has always been a symbol of fine living at the gates of

Rome, we offer for sale a refined portion of a semi-detached villa with swimming pool, set in a residential context that is well-kept, quiet and surrounded by greenery. The property is distinguished by an increasingly rare balance: absolute privacy, openness to the landscape and a harmonious continuity between indoor and outdoor spaces. Distributed on three levels connected internally, the villa presents a solid structure and a functional layout of the rooms: Basement: large spaces dedicated to conviviality, with large kitchen, tavern equipped with billiards and bar counter, ideal for informal moments. Direct driveway access and technical rooms complete the level. Ground floor: bright marble living room with total view of the garden and pool. The view extends to the profile of Rome, giving a unique feeling of breath and depth. Also present is a recently renovated independent area (living room, kitchenette, bedroom and bathroom), easily integrated into the main living area....
